2. The Director made some brief opening remarks at the beginning of the hearing at ten o'clock and summarized a few highlights of the testimony to follow. He then turned the briefing over to Dr. Scoville who talked from the prepared outline. There were some questions concerning Dr. Bethe's talk at Cornell University after Dr. Scoville had quoted from the Bethe panel evaluation. The Chairman, as well as other members, were concerned about what they termed security violations by Bethe in his speech. It was indicated that a letter had been sent to the President on this matter signed by the Chairman and Senator Anderson. At approximately twelve o'clock, the Director, by previous arrangement, had to leave and Dr. Scoville continued the briefing.
